

Quarterly Coaching Service:**Start-Up Phase**

- Review athlete history and goals
- Establish training objectives to meet goals
- Identify personal strengths and weaknesses
- Identify and rank upcoming races
- Design an Annual Training Plan (ATP) (tailored to your work/family schedule)
- Design a periodization program for weights
- Establish heart rate training zones for running and cycling
- Establish pace zones for swimming
- Establish power zones for those with power meters

Service Also Includes

- Detailed custom training schedules posted every 4 weeks for a total of 12 weeks of training
- Daily workouts that target duration and intensity
- Weekly goals-to-be-achieved
- Access to www.trainingpeaks.com where all workouts are posted
- Access to the Trainingpeak's message board
- Periodic review of your training log entries
- Scheduled periodic phone calls
- Periodic email contact

Focus & Cost:

The quarterly program is best for the experienced athlete who requires limited personal contact. The cost for this service is \$600 for the first 12-week block (payable in advance) plus long-distance phone charges, and \$500 per 12-week block plus long-distance phone charges, thereafter.
